The 1983 Yearbook Is
Dedicated to:
Mrs. Bonnie Pooley

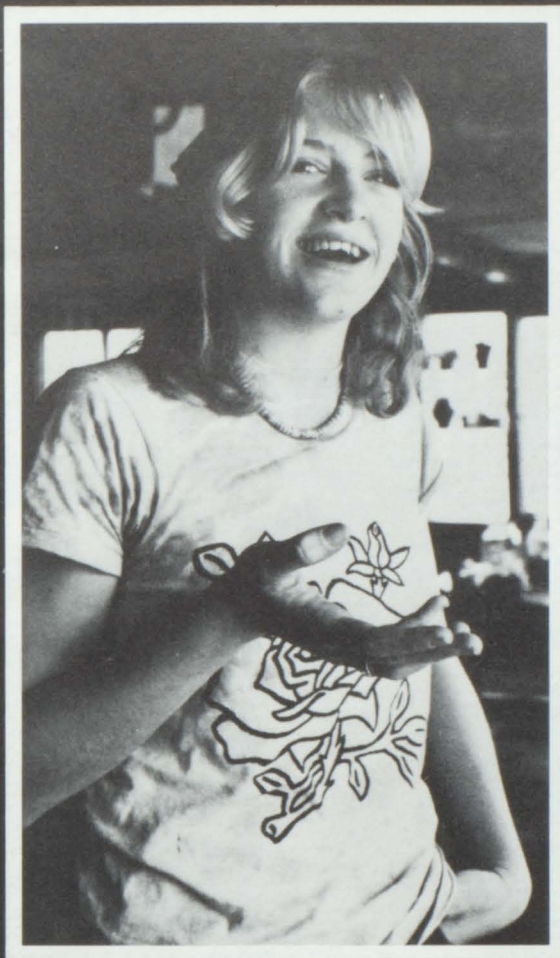

Mrs. Pooley, you have consistently been there with encouragement, sympathy and advice. Without your unique personality to guide us, we would not be the interesting group of jokers that we are. We will always treasure your rare quality of giving each of us the individual attention we needed.

You are an excellent person!

With love,

The Class of '83

And to:
Beth McMurray

For the past four years, Gould Academy has been blessed with the presence of a truly wonderful person, Beth McMurray. She came to Gould as a freshman, and has always been nice, understanding, and concerned with the welfare of the Gould community. In her senior year, Beth was taken ill, and was forced to leave campus. We the senior class, want Beth to know that she has not been forgotten. To show our appreciation for all her contributions to the school, we dedicate this yearbook to her.

With love,
The Class of '83

If not, 'tis true this parting was well made.

Why then head on. Oh, that a man might know the

that the day will end, and then the end is known.

It raised my hair, it fann'd my cheek
Like a meadow-gale of spring —

Yet it felt like a welcoming.

Yet she sailed softly too:
Sweetly, sweetly blew the breeze —
On me alone it blew.

is this the kirk? Is this mine own countree?

We drifted o'er the harbour-bar

Gone where? The loss of sight in ME, not in HER. Just at the moment when someone says, "she is gone," there are others who are watching her coming. Other voices take up the glad shout, "there she comes!" And that is DYING.

Varsity Field Hockey

The 1982 Gould field hockey season was one of growth. Pre season proved to be a great success with the bubbling interests of the new players and the enthusiasm of the veterans. During that week we not only developed and strengthened our skills, but also a feeling of team unity was born. Our first game was a 4-0 victory over Oak Grove Coburn. During the following weeks we lost several games but our spirits remained high because we knew that we had given 100%. We ended the season with a victory over NYA.

We're the Huskie Hockey team,
We're rowdy rough and mean,
Our offense has that awesome *RUSH*
Our defense has that mighty *CRUSH*
Well, I don't know what you've been told
But these Husky girls are as good as gold.

WE LOVE YA AND
Good luck in '83

Junior Varsity Soccer

J.V. soccer had another great year with an almost perfect season. Despite the multiple injuries of many players, the final record was 8-1-1.

The credit for this outstanding season goes not only to the players, but also to coach Bede Wellford. Without his patience and care the J.V. record might have been much different.

The J.V. team has much to be proud of. After all, they had the best record in the league.

Varsity Soccer

The Gould Academy soccer team had a successful season ending with a 7-5-2 record, finishing in a tie for fifth overall in the MAISADS standings. Highlights of the season included Goulds 100th varsity soccer victory with a 6-3 win at Hebron. Another highlight was an outstanding game at Bridgton, ending in a 2-2 tie.

Gould scoring was led by Mike Senese, closely followed by Oliver Fisher. Both were highly ranked in league scoring. The net was shared by two excellent goalies, Brian Walker and Mike Angell, both of whom could always be counted on for a good game. Everyone showed great hustle, as team play was an important factor during the season. It was a successful season for all.

Cross Country

The teams are lined up. Mr. (Major) Pancoast is telling the teams that if they take a shortcut, they will be disqualified. And we're off! I try to keep up with the head pack. Forget it. I sink back into the middle of the two teams. As I turn into the woods, I pass an enemy team's man. He is mad that I passed him. He starts to run again. Tough Granola, buddy, you aren't passing me. I pick up, he sinks back.

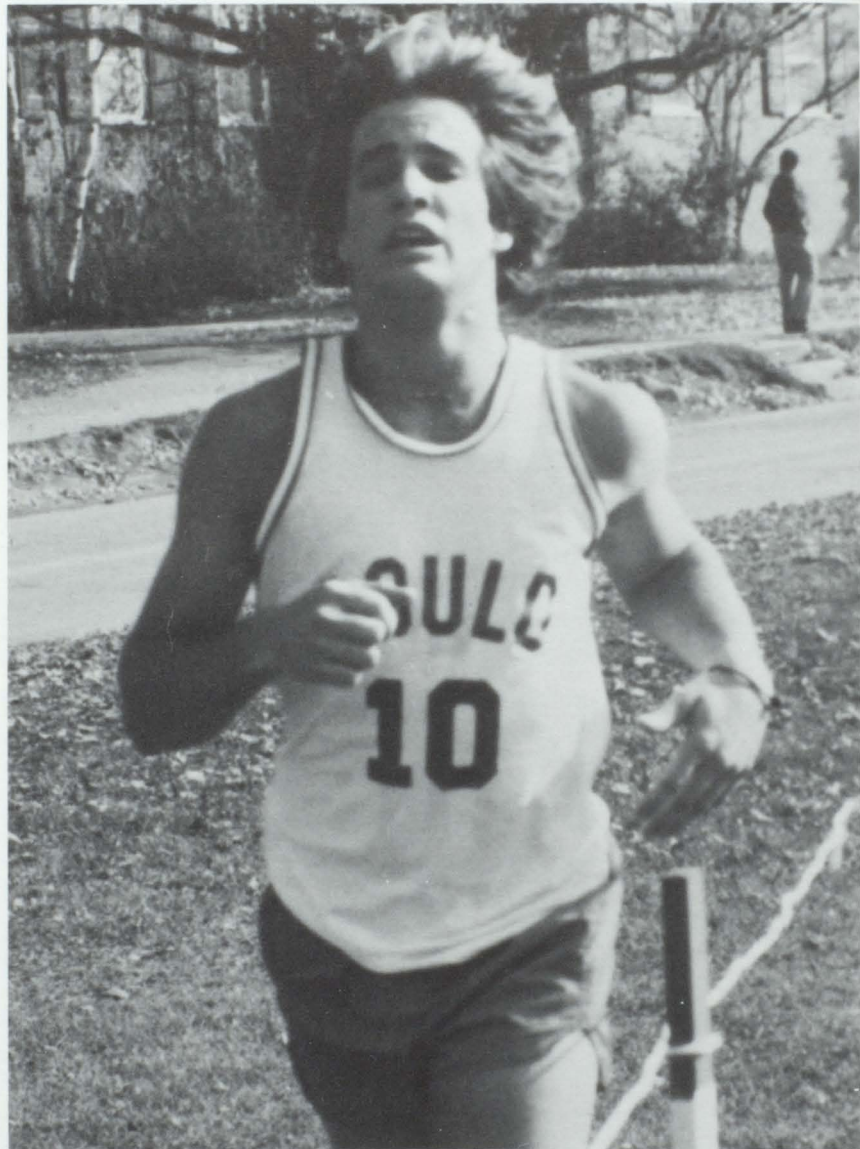

As I come out of the woods, there is an enemy runner walking. He doesn't want to be passed so he runs again. As I run down Kitchen Hill, I am Straining, to the limit.

Up Mill Hill. I have hated Mill Hill since the time when we had to run 10 sprints up it one fine broiling day. All I can think about is my parched lungs, piercing cramps, exhausted legs, and how I am going to die.

At the first white church, I see two people come in a tie. I am already half-sprinting but I must sprint now if I am to stay ahead of an enemy runner that is sprinting himself. I burn past the finish line and pick up my tongue depressor. It says thirteenth, Blech! What a rotten number to pace. I just want to die . . . die . . . die

Girls' Soccer

It all started during soccer camp. We were introduced to this lady with muscles of an eyecatching size! We all liked Miss Mellett, even when she yelled, "Follow me!" We all knew what that meant!

The team has lots of memories of the season. Cathy Layton's close call when a "500 pounder" sat on her. The "Goal of the year," a beautiful shot from the 50, by Pam Weeks. The "Merryman Walk," the team's favorite, made famous by our short, but talented goalie, Anne Courchesne. And, of course, the long bus rides accompanied by Valleygirls and the B52s.

Despite many injuries, everything from broken collar bones to pulled hip muscles, the Gould Girls' Soccer team had a respectable showing for a first year team.

Who was Marion True Gehring? She's the old lady hanging over the fireplace!

Gehring had about sixty girls this year, all between the ages 13-18, making it a wilder place than many realize.

An average day is this:

6:00 am: Early rising maniacs attempt a hot shower. The casual groan from the delirious roommate, who tries to block out the sounds of the Stones at 6:30 am, the battered alarm clock, and an obnoxious 1700 watt blow dryer.

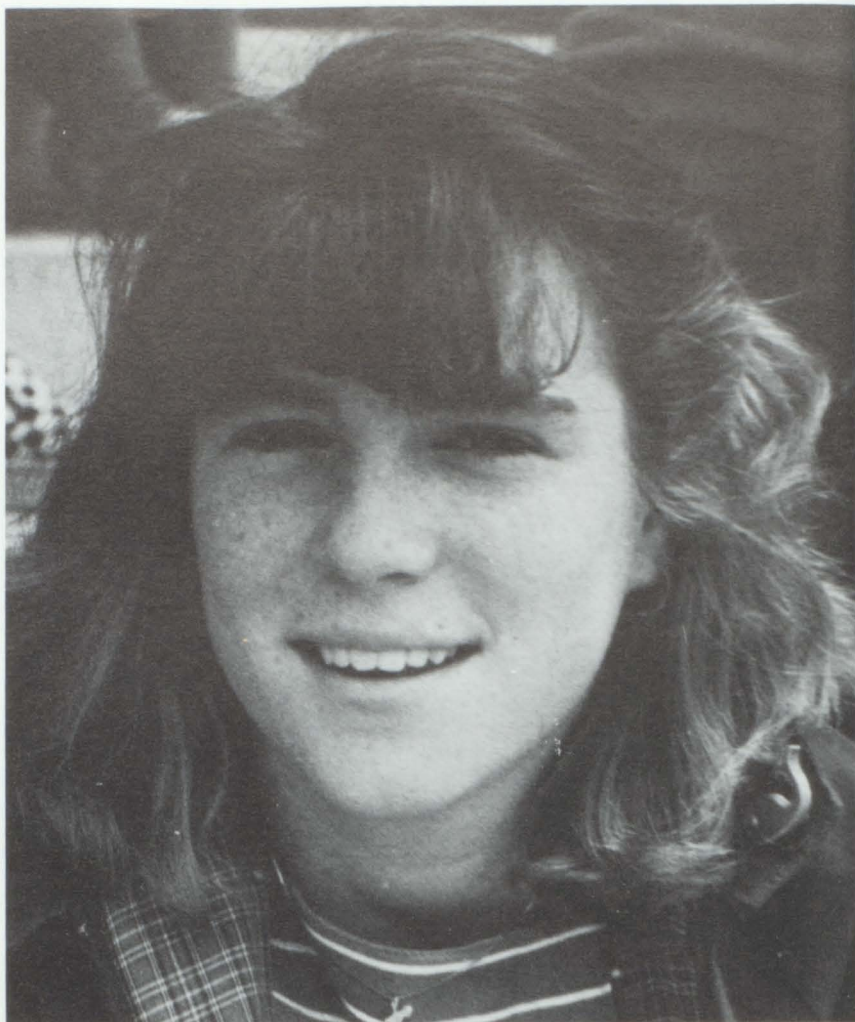

7:30 am: The more sane of the crowd role out of their warm blankets and stumble toward the bathroom. That dreadful rush to block Miss Eckles' or Miss Mackintosh's view of the closet. And the Community Service check — "Hey, I can't find a broom ANYWHERE!" "Don't forget your Community Service!" "Oh wow! I totally almost spaced it out, you know? By the way what is it?" "What is it!" You've been doing it for three days!"

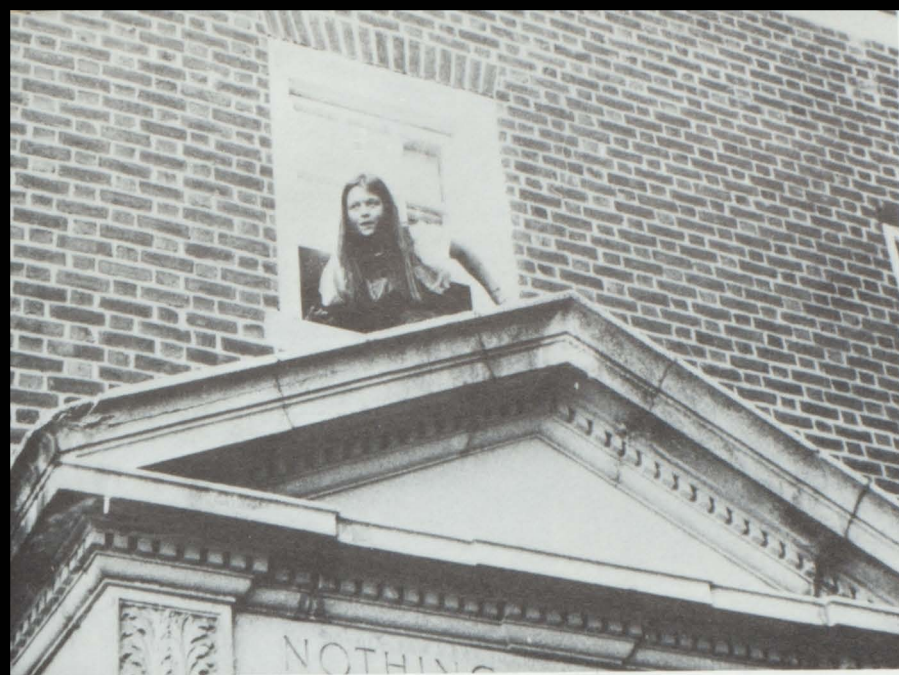

7:58 am: Last minute drives out into the fresh morning air, and the day begins: Classes, stereos blasting doors slamming, voices echoing through the narrow graffitied walls.

7:25 pm: STUDY HALL Two ruthless words! The dreaded two hours of silence, while many minds solve geometry problems, or study for a Western Man quiz, or write the English paper, due yesterday.

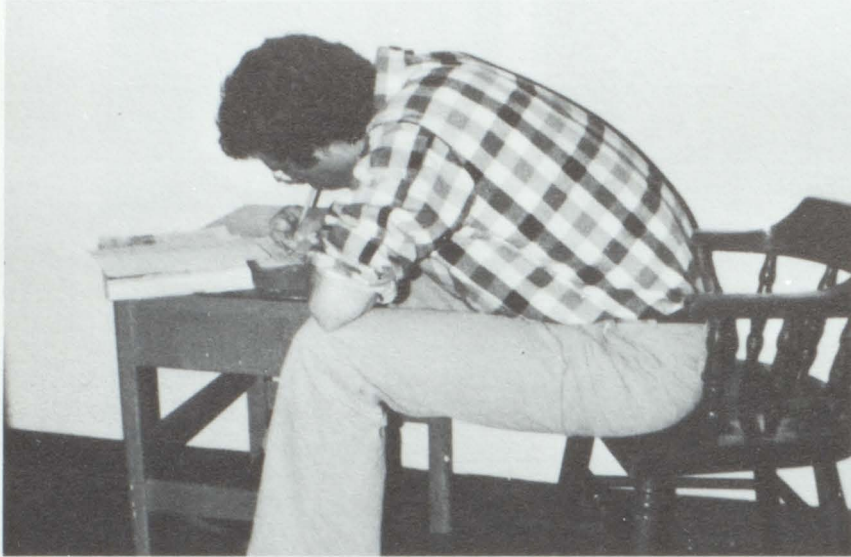

9:29 pm: The countdown begins — "Okay! Study Hall is over!" This signals giggles, chattering, scaping of chairs, slamming of doors, and keys being dropped and fumbled. Down the stairs, out the door to socialize.

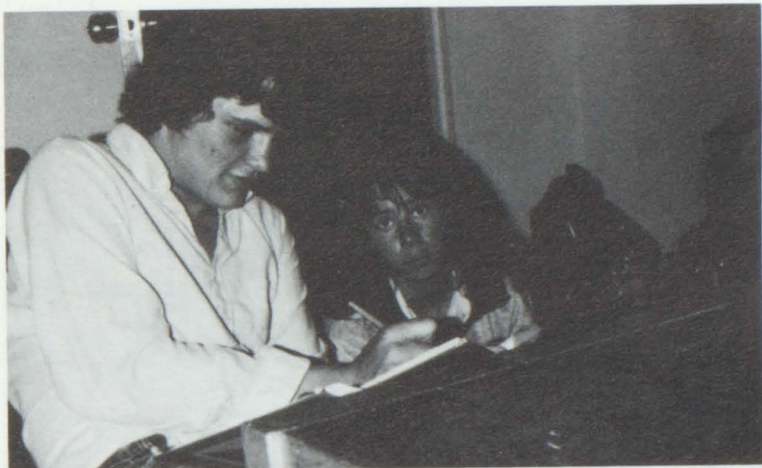

10:00 pm: Back in, last minute study, music, and giggles, before bed — eventually!

Skiing 1983

The Gould Academy "A" ski team had a tough season this year. The team had many people with little or no racing experience. Still, they did an excellent job. The Girls' Team did well with many excellent team placings. The Boys' Team did not shine until the Lakes Region Championships. Here the boys placed fourth as a team out of 13 schools.

The most valuable members of the teams were Nicole Tarnay for the girls, and Mike Griefendorf and Tom Morton for the boys. The team showed a great attitude and aggressiveness, and with coach Bede Wellford's support the team gave their all on race day.

Everybody can relate to the dismal days spent bumming around campus, walking from building to building without a specific destination. And why does it always seem like you can't find anyone else? The reason for that is everyone else is moping around in their rooms, listening to tunes or whatever. Maybe we will never finally discover that what seems to be boredom is really a lack of realization that to prevent boredom, one has to take the initiative. Perhaps I should take my own advice.

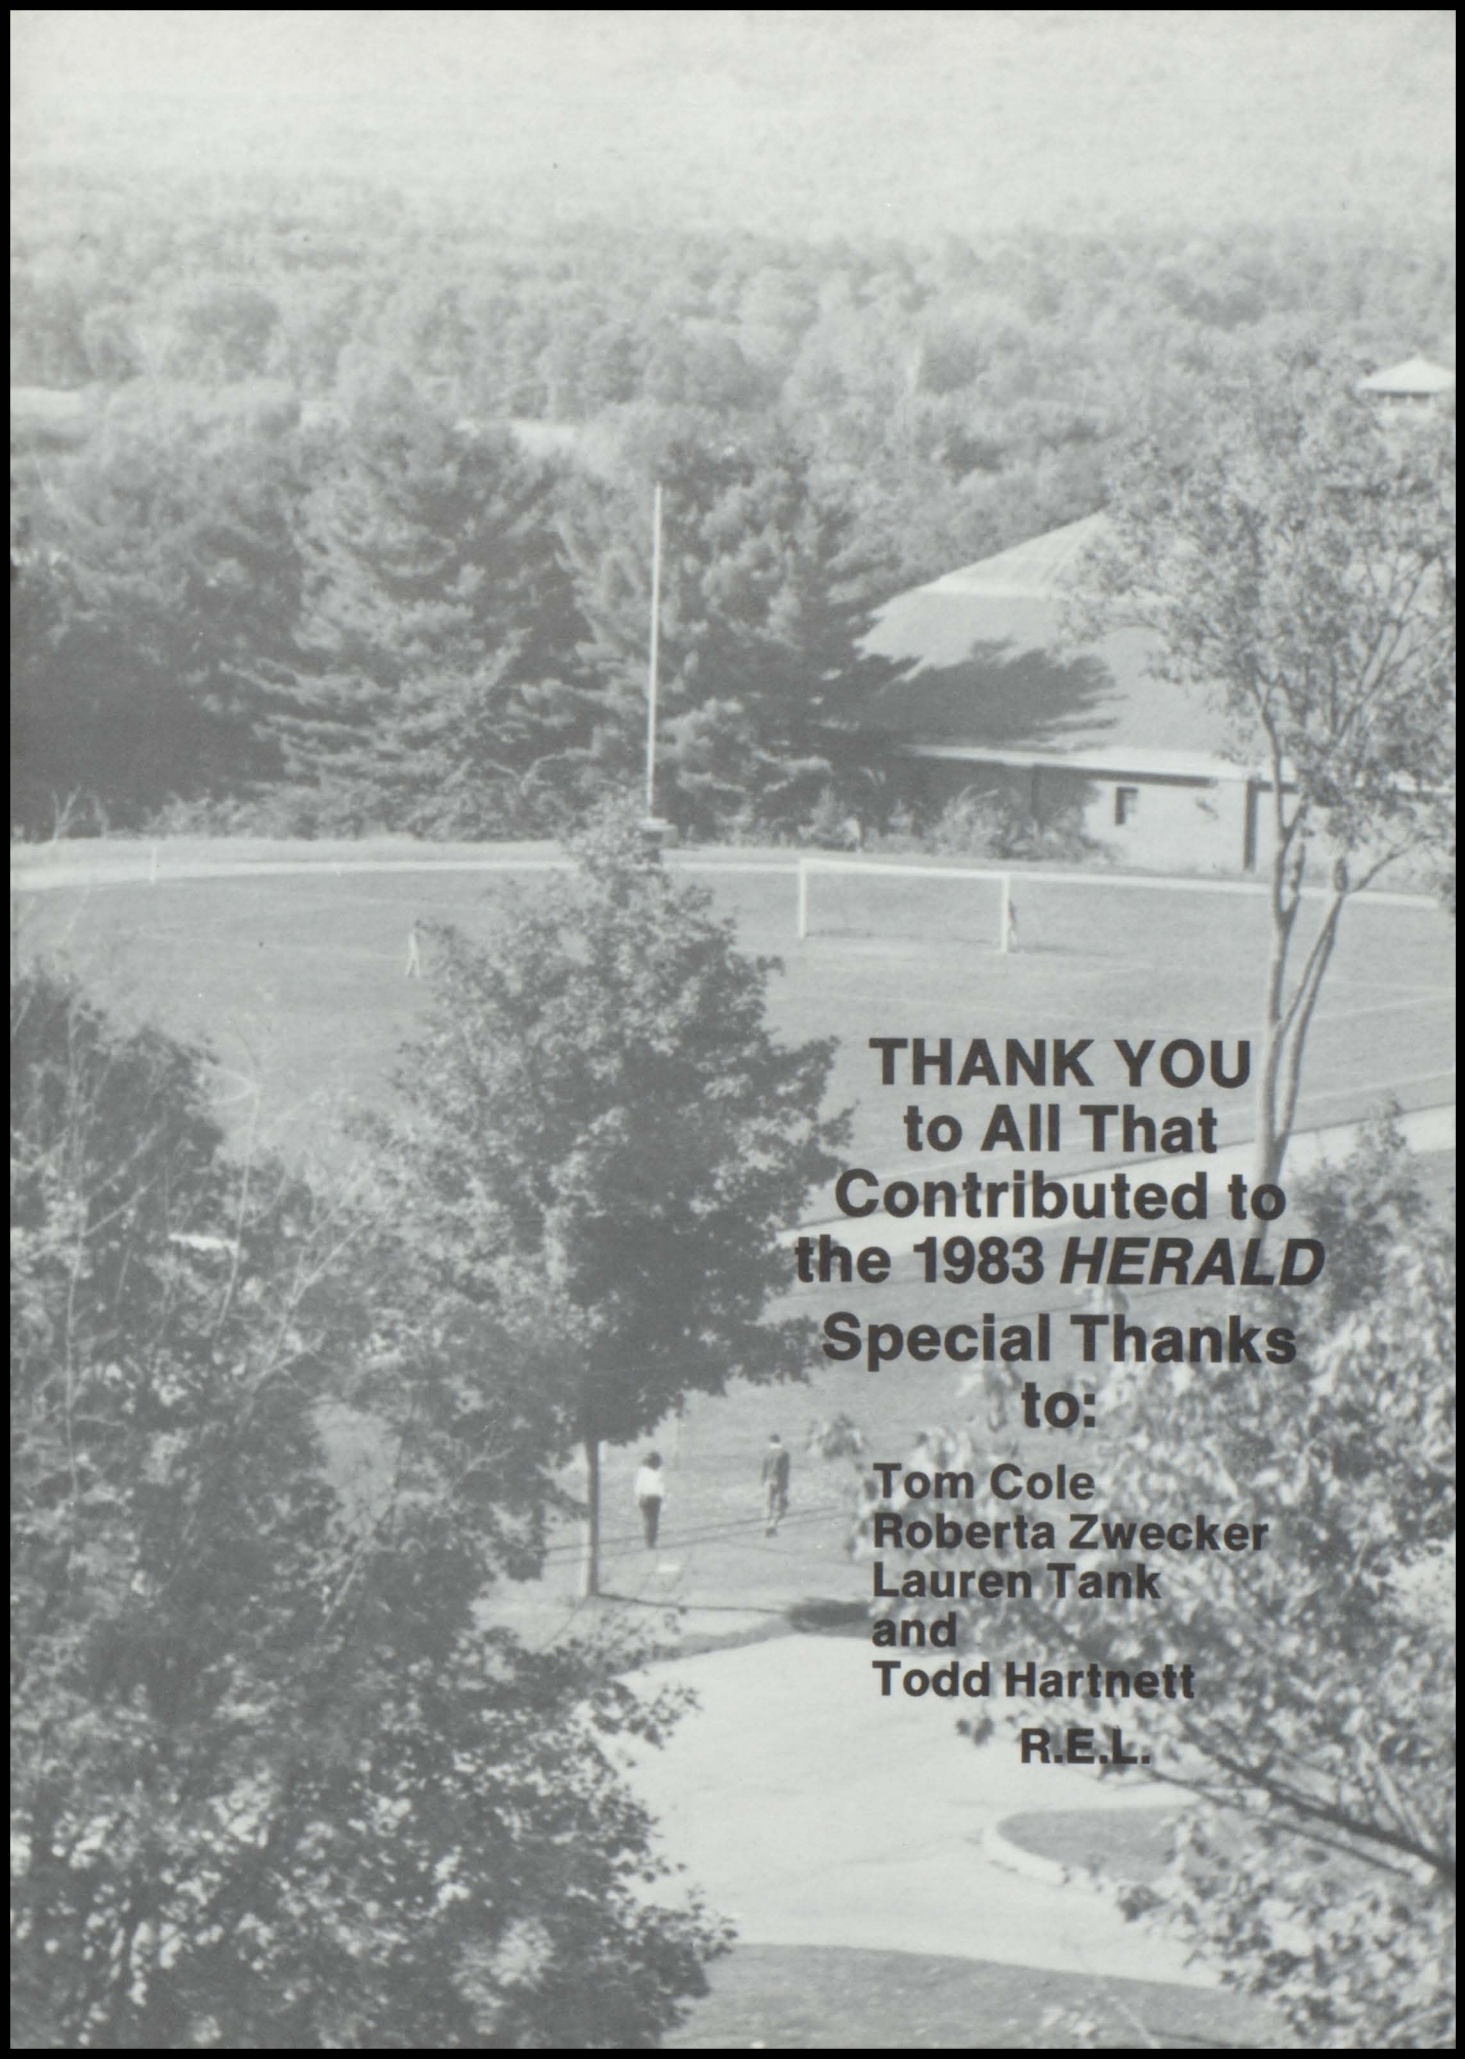

Commencement 1983

A black and white photograph of a tennis court. In the background, there is a building with a gabled roof, partially obscured by dense trees. The tennis court is in the middle ground, with a few people visible on it. The foreground is filled with the branches and leaves of trees, creating a frame around the court and building.
